

We're Hiring!

At GEO Morphix, we are a team of professional geoscientists and environmental experts focused on geomorphology, earth surface processes, and watershed science. Our team specializes in river and shoreline restoration, erosion hazard delineation and mitigation, environmental monitoring and hydrometrics, and projects that require an in-depth understanding of erosion, sedimentation, and sediment transport. Our team of industry leaders provide observation-rich answers based on a balanced application of quality science and years of experience to achieve practical, implementable, and acceptable solutions for all stakeholders. A successful project is one that meets or exceeds our client's objectives.

Given that our team members work throughout southern Ontario, and in the Ottawa region, we offer a hybrid office model that provides flexibility for staff working from home and extends our geographic reach to clients and project work.

Position Description

Intermediate Geoscientist/Geomorphologist (Campbellville/Ottawa, ON)

We are currently hiring an Intermediate Geoscientist/Geomorphologist to join our dynamic team. The incumbent would work closely with senior staff on a range of geoscience projects, including geomorphological assessments, restoration design, and erosion and hazard assessments. Successful candidates will have excellent inter-personal skills and must be outcome oriented.

Responsibilities

- Ability to lead field teams
- Provide technical support to staff for data analysis and report preparation for various projects
- Assist in the collection and analysis of field and survey data related to geomorphic processes
- Support mentoring and training of junior staff, and work with senior staff to expand field techniques and practices
- Work with senior staff to expand field techniques and practices
- Provide guidance and support to staff with regards to report preparation
- Participate in Environmental Studies and Design Team meetings
- Ability to balance the workload of multiple projects while maintaining attention to detail
- Exceptional inter-personal skills to work with staff, clients, consulting partners, and permitting agencies

Qualifications

- Master's degree in Environmental Science, Geomorphology, Physical Geography, or Engineering
- Licenced as a certified professional by the Association of Professional Geoscientists of Ontario (APGO)
- Minimum five (5) years of related experience
- Experience with scientific information analysis and interpretation, data management, and technical writing
- Experience in field data collection, aerial photographic interpretation, and map analysis
- Knowledge of relevant provincial and federal environmental regulations and guidelines
- Proficiency with Microsoft Office (Outlook, Word, Excel, PowerPoint, Teams)
- Strong problem-solving and critical thinking skills
- Excellent written, verbal, and organizational skills
- Valid G Class driver's license

Rewards

GEO Morphix understands the importance of employee well-being and job satisfaction. Productive and energized staff are the key to a successful company. In support of this goal GEO Morphix offers:

GEO Morphix promotes and provides a friendly and accepting work atmosphere. We are committed to workplace diversity, inclusion, and equal opportunity, and recognize the associated benefits of different perspectives.

We offer a competitive compensation package including: health benefit plan, employer sponsored Group Registered Retirement Savings Plan, and a performance-based bonus program.

We encourage our team to never stop learning. We support professional development in a variety of ways including an employee Professional Development Benefit and a Healthy Living Benefit to promote professional and personal advancement.

GEO Morphix has adopted a hybrid work model. We recognize work-life integration is important.

As a small-medium sized company, we value social and volunteering events and activities.

We thank all applicants for their interest in working at GEO Morphix Ltd. Only those candidates selected for an interview will be contacted. Please send inquiries and resume to opportunities@geomorphix.com

Accessibility

GEO Morphix Ltd. is committed to workplace diversity, inclusion, equal opportunity, and is in compliance with the Accessibility for Ontarians with Disabilities Act and the Ontario Human Rights Code. Accommodations are available on request for candidates taking part in all aspects of the selection process.
